#### Software you need

Drivers for the machine can be downloaded from Ricoh's Website:

- <u>https://www.ricoh-usa.com/en/support-and-download</u>
- Enter your Ricoh Model Name in the search field as pictured below.

• Once you have chosen your device, agree to the license.

#### **Choosing Your Printer**

• This will load a screen with a series of operating systems to choose from. You'll want to choose your MAC OS. Then click the download button for the PPD Installer. To find version: click apple

Mac OS X	mac on the top left screen	of
Mac OS 12(macOS Monterey)		
Mac OS 11(macOS Big Sur)		
Mac OS X 10.15 (macOS Catalina)	Printer Driver	
Mac OS X 10.14 (macOS Mojave)	PPD Installer	
Mac OS X 10.13 (macOS High Sierra)	<b>↓</b> Download	
Mac OS X 10.12 (macOS Sierra)	(File Size : 4,107 KB)	

logo and go to about this

#### **Install the Driver**

After downloading the driver, you should have a new icon on your desktop labeled "Ricoh\_PS\_Printers."

> **Ricoh\_PS\_Printers** \_Vol4\_E...\_4.0.0.0

Inside this drive you

should see a PPD

your Apple login

credentials as

needed.

### **Next Install the Printer Driver**

- Open
  System
  Preferences
  (either in
  the dock or
  under the
  apple icon in
  the upper
  left corner)
- Then select Printers & Scanners

You should now have a screen that looks like this, you may see your Ricoh device in the list, you can add it here. But for better results use procedure in next slide.

		Aud

Enter in the IP address you got from The Ricoh Configuration page into the Address field making sure to remove any zeros before numbers (I.E. 192.168.002.184 should be entered in as 192.168.2.184)

You will also want to fill in the name you want the printer to be identified as.

			Add P	rinter			
		Ē			හිසු		
	~						
Address:	192.168.2.184						
	Valid and complete host name or a	ddress.					
Protocol:	Line Printer Daemon - LPD						$\bigcirc$
Queue:							
	Leave blank for default queue.						
Name:	Ricoh IM C2500 PS						
Location:							

Note: Sometimes mac doesn't grab the print driver automatically and just chooses air print, click the drop down on <u>use:</u> and select the Ricoh PS driver

Add

Your Ricoh should now be in your list Of printers. Select "Options & Supplies".

#### General Options Supply Levels

To take full advantage of your printer's options, confirm that they are accurately shown here. For information on your printer and its optional hardware, check the printer's documentation.

Option Tray:	Not Installed	٢
Internal Tray 2:	Not Installed	0
Internal Shift Tray:	Not Installed	٢
External Tray:	Not Installed	٢
Finisher:	Not Installed	0
PostScript:	PostScript Emulation	

Select the "Options" tab and choose the appropriate options for your machine (As shown on the configuration page) then click "OK".

Cancel

OK

# Test printer to verify it installed as expected.
